4.0 HISTORY / Nga Korero O Nehe

E Whai ake nei na Maehe Ranginui ite 26.7.1902 ite whakawatanga ite papa Kainga o Matahiwi e tu mai ra te Wharepuni a Taane wai.

(Written by Rangi Pokiha)

4.1 Identification / Whakaaturanga

Matahiwi Marae, is situated fifty-five kilometres up river from Whanganui. The Wharepuni is Taanewai and the Wharekai is Ohotu. The sub tribe, like others throughout the river basin, originally settled on the western bank at Hikurangi, alternatively referred to as Poutama, then latterly Karatia, a name superimposed, as were other place names along the river. Only the urupa, which also bears the name of Hikurangi, gives testimony to any former occupation of this once famous Marae.

Maehe Ranginui was the first to commence the establishment of Matahiwi Marae, he was than assisted by others to further its development. It was his daughter, Te Kehu who in the presence of Nikorima, her husband (taane), shed tears (wai) for a Wharenuiri resembling that which she had left behind at nearby Karatia, a request that was granted, giving birth to the ancestral meeting house, Taanewai. This name is said to be linked directly with the founder of Hikurangi in the first instance.
4.2 The Location / Te Waahi O Te Marae

7.0 THE TRADITIONAL RULES OF OUR MARAE / Te Tikanga O Matahiwi Marae

In Whanganui we differentiate between kawa and tikanga. Kawa are the set of principles that were given by the Atua and are non changeable whereas tikanga are protocols that are controlled by man and are susceptible to change. The tikanga for Matahiwi is “Paeke” (tangata whenua speaks first then manuhiri reply). This tikanga is practiced by the majority of the Whanganui marae. As an exception whanganui marae in Taumarunui do not use Paeke but use Tauutuutu as the tikanga. The Trustees shall promote and preserve the kawa and tikanga of Matahiwi marae at all activities on the marae.

7.1 Council of Kaumatua

The Kuia and Kaumatua have numerous roles in the life of the community through the Marae. They teach and guide in tikanga matters; they tell the stories of the hapu; where possible they teach te reo; they advise in resolving disputes and they hold knowledge which relates to keeping Archival information safe and accessible.

The Trustees appreciate with deep respect and aroha the wisdom, counsel and unfailing support of our kaumatua. The trustees in exercising their duties shall hui and wananga with our kaumatua regarding all matters of tikanga and kawa for Matahiwi Marae.

13.0 THE DIRECTION FOR STRATEGIC MOVEMENT

O Matou Tirohanga Whaanui – Our Vision

Ki te pūpuri ki nga taonga tuku iho a o tatou tuupuna mo nga uri whakatupu.
Hold fast to the treasures handed down by our tupuna for the benefit of the present and future generations.

O Matou Uaratanga – Our Mission

Ki te whakatinana i o matou tirohanga whanui me o matou tumanako o tatou Marae
To maintain the Marae as the focal platform to support and strengthen the full potential of whanau, hapu and community now and for the future, with love, honesty and directness, one to another.

O Matou Matatika – Our Values

Tinorangatiratanga: (refers to self determination) and is consistent with the Tiriti o Waitangi, its guiding principles and expression of commitment and recognition.

Rangatiratanga is leadership evident from the most ancient tupuna like Maui, Kupe and others to the present. This belief is that we have within ourselves the ability to go out to meet and enjoy life by developing our abilities and helping others along the way. Rangatiratanga literally means to gather together and this is the function of the Marae-to provide the base to unite people, inspire people and bring them together to determine their lives productively.

Mana Tangata: encourage cultural, spiritual, physical and social wellbeing.

Mana Whenua: respect all buildings, assets and grounds encompassed within the papakainga and maintain them to the highest standards. To promote and encourage the relationship with our surrounding ancestral lands and to maintain this relationship with the respective organisations that administer these lands.

Manaaki Tangata support and encourage the interests of all hapu concerned without prejudice.

Tikanga provide guidance to ensure that our tikanga and customs are respected and learned and thus, the Kuia and Kaumatua are to be consulted when in doubt and when guidance is required.

Whanaungatanga refers to the nurturing and development of relationships. It acknowledges the surrounding marae and hapu and their whanaungatanga to this Marae.

Nga taonga tuku iho are the treasures inherited from our tuupuna. We have the responsibility to care for these to the best of our ability. One of these is the Marae.

Aroha We acknowledge the guiding aroha of the ONE who has many names and the aroha of the wairua of our tuupuna mai ra ano, on which converges the belief to promote, teach and uphold non-violence as a fundamental aim for every moment of our lives, inside and outside the Marae.
**Tika me Te Pono** being direct and honest is the only way to conduct marae affairs in and out of the Marae.

**Kaitiakitanga** is the acknowledgement of the responsibility passed down from our tupuna—that we all care for and guard the precious taonga tuku iho.

*Matahiwi Youth*
13.1 The Overall Strategic Direction

The Framework and Structure of “The Trust” diagram, indicates the direction and development of “Matahiwi Marae” and how it might be governed, managed and how its different portfolio’s might operate.

Processes and procedures

The diagram arose out of discussions about the future of the Marae. It coordinates the many ideas suggested for the future of the Marae. The Governance, Management and Operation of the Marae become functional in units so that each has its own purposes.

The Kuia and Kaumatua are central to the governance of the Marae and to the hapu. Their role extends to Management and Operations in an advisory capacity only. Management consists of the Managers of each project and unit forming their quorum with its own leader, that person is responsible to “The Trustees, and that person carries decisions to the Executive.

Diagram: The Structure forms a basis for further development.

13.2 The Relationship to the Community

The community includes the groups, which are affected by, and affect the Marae. These are defined as hapu, tribal, residential, commercial and governmental connections, nationally and internationally. These relationships will be explored in the Strategic Plan.
14.0 AN ACKNOWLEDGEMENT

This Charter has been in progress for the last two months. We acknowledge and thank those who helped begin it and those who have continued to work on it. Our people have had many discussions about its contents.

We regard this Charter as being the latest version, which may change, not in total, but in some points. This is because it is a living document, up to date with the latest thoughts from our Trustees and whanau in 2011.
In time I stand
I stand for a moment
On a plateau of Mangapapapa
My eyes drawn to the awa
I gaze upon the rapids
My thoughts of our tupuna
They are happy
With every white ripple a dance of joy
A gentle voice speaks; you are here once more
You walk the earth
We walked before
I ascend further; and suddenly turn
I gaze once more upon the awa
Its beauty captures me
A voice behind is calling, haere mai, haere mai, haere mai
My eyes turn to the top of the puke
I continue my journey
A slight breeze brushes past
I feel uncertain, go forth they say
The tears flow, I cannot control
I look up once more
Arms open wide to welcome
The mokopuna of the awa come home.
